

Electric Service Rate:

Tri-County
EMC

General Service Prepay

Schedule: "GS-P"

EFFECTIVE	REVISION
For bills rendered on or after August 21, 2014	August 21, 2014

Purpose:

To provide revenue for patron's electric service and capital from the patrons. In compliance with cooperative principles and the Cooperative's by-laws, revenue for electric service is equal to the cost of service provided. All monies in excess of the cost of providing electric service is capital, at the moment of receipt, and will be credited to each person's individual capital account.

Availability:

Available in all territory served by the Cooperative, subject to the Cooperative's established service rules and regulations.

Applicability:

All non-residential consumers with a measured load less than 30KW and monthly energy usage less than 3,000 kWh, who do not qualify for or do not elect to receive service under other general service rate schedules offered by the Cooperative.

Type of Service:

Single-phase or three-phase, 60 hertz, at available secondary voltages.

Minimum Charges:

The minimum monthly charge under the rate shall be \$39.50.

Power Cost Adjustment:

These rates shall be increased or decreased subject to the provisions of the Cooperative's Wholesale Power Adjustment Schedule PA-8.

Three-Phase Service:

Three-phase service is available to Residential members with prior approval of the Cooperative. Members receiving three-phase service will be billed a monthly charge of \$12.50 in addition to all other charges.

Point of Delivery:

The Cooperative reserves the right to select each meter delivery point.

Terms of Payment:

There are no late fees associated with this rate. All payment terms are subject to the terms of service on the application for residential prepay service.

Monthly Rate:

Minimum Charge..... \$39.50
