ESSENTIAL DUTIES AND RESPONSIBILITIES:

NOTE: The following are major responsibilities of this position. They are not intended to cover each aspect of the position as the scope and duties of a given position may change or be temporarily altered based on the business needs of Tri-County EMC. The basic requirement of every position is to perform all tasks as assigned by the supervisor

Construct overhead and underground distribution facilities in accordance with Rural Utilities Service construction specifications and follow all company, state and federal safety guidelines.

Maintain distribution facilities, replacing materials, equipment, line apparatus and metering devices. This work will often be performed with distribution lines in an energized condition to avoid member outages.

Perform line switching duties while maintaining an awareness of problems that can be caused by line switching and taking all precautions involved with line switching and voltage regulators on switched lines while supervised as needed.

Operate bucket truck, digger derrick truck and excavator.

Cut and trim power line right-of-ways and operate chainsaw and other timber cutting equipment safely.

Safely convert existing primary lines to additional phases or higher voltages under direct supervision.

Patrol distribution lines, completing necessary inspection forms and taking necessary maintenance steps for correction under supervision.

Install, remove, transport and store in a safe manner line equipment to include, but not limited to, transformers, voltage regulators, capacitors and other protective equipment.

Select correct meters for various applications and install when required.

Select, install and connect transformers in two and three transformer banks under supervision. Connect transformer windings in series and in parallel and be able to locate a faulted transformer in a bank.

Assist in the instruction and training of apprentices.

Maintain all equipment in operable, clean and safe condition.

Responsible for the knowledge of and abiding by the Board of Directors approved Georgia EMC Safety Manual and Tri-County EMC Operations Manual.

Immediately report all accidents or property damage to supervisor.
